

2020 Wraps and Traps Gas Savings Package

Insulate your piping and system equipment while improving performance of your Steam Trap System for reduced costs

Take advantage of Eversource's 2020 Wraps and Traps Gas Savings Package! Insulate your piping, explore opportunities for thermal jackets and improve the performance of your steam system for reduced costs and big savings.

Eversource is offering funding toward steam trap surveys and enhanced incentives for energy-saving improvements.

Our qualified contractors will help you identify improvements that can help you **save money & energy and reduce your carbon footprint.**

Commonly recommended improvements include straight pipe insulation and thermal jacket insulation. Thermal jackets wrap equipment and are secured by Velcro, allowing you to easily access equipment if work needs to be done, while providing insulation that results in savings.

Details of this offering:

- Eversource will split 50% of the steam trap survey cost with the customer when the application is submitted
- Receive steam trap and insulation repair incentives based on calculated savings
- If all improvements identified in the steam trap survey report are addressed, Eversource will reimburse the customer the remaining 50% of the survey cost
- Qualifying projects could receive an incentive level that buys project down to a two year pay back*

* Qualifying projects will be determined by Eversource based on calculated savings and project cost.

Make us your one-stop shop for comprehensive gas savings

Additional incentives are available for Heat Recovery, Boiler Tuning, and other comprehensive gas savings measures. Contact us for more information.

This offer is valid for all Commercial and Industrial Customers in Eversource Energy's gas territory.

Please contact Kelly McMahon at kelly.mcmahon@Eversource.com for more information on this offer. Be sure to include "2020 Wraps and Traps" in the subject line.
